Subject: GEOS Approval Recommendation for Pristine Site
Attachments: 20170914135857685.pdf

Attachd in my approval in regard to your request below:

By the way funding authority expires soon, after which it would need to be re-certified, so please indicate or approval recommendation if you want this to be approved (via memo from you signed by you) or indicate any concerns if not.

David Linnear

DATE: September 14, 2017

TO: Daniel Olsson, Contracting Officer

THROUGH: Matthew Hoory, Project Officer

FROM: David Linneer, Technical Point of Contact

SUBJECT: Recommendation to approve Price Quote for Hydrogeologic Support at the Pristine Superfund Site (0556) PRP LR, Battle Creek, Michigan

A handwritten signature in black ink, appearing to be "D. Linneer", written over the "FROM:" line.

GSA Contract No. GS-10F-0462M, Delivery Order EP-G145-00278

The contractor submitted a price quote dated August 30, 2017 with a total proposed estimated amount of \$89,050. The IGCE anticipated a total estimated amount of \$89,929.

In reviewing both the narrative of the price quote and the breakdown in its tables:

- The effort described in the SSPA's price quote is aligned with the scope in EPA's work statement.
- Planned hours and costs are commensurate with expectations across all tasks.
- The distribution of hours amongst staff categories is realistic and an appropriate use of labor categories.
- Estimated travel costs are in line with travel requirements.

Therefore, I recommend that the price quote dated August 30, 2017 with a proposed amount of \$89,050 in be approved.
